Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Wednesday 20 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cold with persistent rain, perhaps snow later.

This Evening and Tonight:
Cloudy with persistent, occasionally heavy rain and hill snow at first. Rain turning wintry to lower levels through the evening giving a covering of snow in places. Clearer from the west with scattered showers by dawn, but increasingly windy. Minimum temperature 0 deg C (32 deg F).

Thursday:
A bright, cold and windy day with scattered showers, these occasionally wintry over the hills. Drier by the afternoon with any showers restricted to the Pennines and Cheviots. Maximum temperature 4 deg C (39 deg F).

Outlook for Friday to Sunday:
Wintry showers on hills Friday, otherwise bright and breezy. Winds easing Saturday then dry and bright with long sunny spells. Dry with sunny spells Sunday. Cold with overnight frosts.
